

In response to our  
Baptismal vows,  
Episcopal Appalachian  
Ministries serves a  
specific and unique  
region of America and  
manifests the love of  
God through  
education, advocacy  
and mission

A coalition of Episcopal Dioceses...

*That all may share...*

### Education: To educate Episcopalians by creative means.

- Our EAM web site links to existing statistics, cultural resources and electronic publications.
- We are proactive with distance learning programs, utilizing technologies to make education and Christian Formation materials more accessible.
- We sponsor regional conferences.
- We promote EAM resources through multiple media utilizing:
  - *Mountain Echoes*: Our quarterly publication
  - An informational DVD
  - Presentations at Diocesan conventions
  - Specialized consultation

### Advocacy: To serve as a resource on public policy issues relating to the Appalachian region.

- We utilize web-based forums and social networking sites to inform on issues and advocacy opportunities and trainings.
- We include links to other regional advocacy groups through our web site.
- We provide a program and outline for forming advocates.
- We maintain a group on Facebook as way to disseminate information and keep people informed.

### Mission: to provide mission opportunities through work camp immersions in Appalachia

- We support three weeks of EAM work camps at Grace House in the Diocese of SWVA
- We have established a grants program to provide seed money for ministry work.
- We are striving to become a major resource nationally, using our web site to promote mission opportunities in our member dioceses for all ages.
- We maintain coordination with ecumenical partners on regional ministry work.

Education | Advocacy | Mission
